DRILL 6 WELLS NEAR CLEBURNE

Oil Development Setting Rapid Pace in Johnson County, Texas.

Cleburne, Texas, Dec. 11.—Oil development is setting a rapid pace in Johnson county. Six wells are drilling in the county. The wells were recently started but so far on oil showings have been found.

Hollister Oil company, ten miles northwest of here is drilling at 220 feet. What can be seen is a small amount of oil in the well.

The Johnson well of the Johnson Oil and Development company is drilling around 2200 feet, ten miles northeast of Cleburne.

Other companies are planning to drill in the county soon.

HUECO RANGER COMPANY GETS 150 BARREL WELL AT RANGER

Ranger, Tex., Dec. 11.—The Hueco Ranger Oil company has completed its No. 1 well and it is making approximately 150 barrels. The well struck the oil five feet in the sand at 1215 feet. The well is on the Hollister tract, northeast of Ranger.

MANY ENTRANTS EXPECTED AT JOINT FANCIERS' SHOW

Plans for the joint fancers' show, January 12 to 17, in Liberty hall, were discussed Wednesday night at a meeting of the El Paso Rabbit Breeders' and Fanciers' association. Fifty entries are expected from Arizona, New Mexico will also have several entries.

"The English Outlive The Americans"

Says the famous physician, Dr. Rheim, "and so in no small measure because the Americans wear septic bridges in the mouth while the English are less addicted to this possible danger."

Dr. Williams realized this years ago. Today the new system overcomes the "septic old style bridge."

In the new system of dentistry teeth are replaced immediately after extraction in all cases—and guaranteed.

This holds out the face to its original form—prevents muscle shrinkage—Gives in and sees this work for yourself—Gladly explains it to you.

Texas Leading Oklahoma Now In Gas Fields

Lone Star State Soon to Substitute Supply With Own Resources.

Franklin, Texas, Dec. 11.—Texas gas fields are outstripping those of Oklahoma, a review of gasers in Stephens and Palo Pinto counties indicates.

Within five miles of here there are ten big gasers. The tenth was brought in only a few days ago by the Walker Caldwell company, north of here. Gas is used extensively for fuel in this neighborhood. The Texas company is piping all it possibly can, selling gas to drillers, reaping big revenue.

Millions of feet of gas are escaping into atmosphere. Oklahoma People in Stephens county towns shiver. They burn wood and the supply is short. Dr. Williams' people several weeks ago thought they would have sufficient gas for this winter but they are still burning the old time fuel.

A large company is piping Palo Pinto gas to several small towns in the county.

In the Lincolnville vicinity lies one of the greatest gas fields in the world. This field lies close to the line of the Wichita Falls, Ranger and Fort Worth railroads.

It is predicted that in the course of time Texas will substitute its own gas for those of Oklahoma. The gas is adequate for the needs of Texas. For while millions and millions of feet of gas are wasting in Texas, it shivers, getting its supply from Oklahoma.

Several big companies are looking over the gas fields of Palo Pinto and surrounding counties. Planning to pipe gas to cities of Texas.
